## **Understand the Bible for yourself**

---

Writing to the Romans, the apostle Paul says that the gospel message can save us from sin and death if we believe and obey it. But first we have to understand what the gospel really is - what God has done, what He is about to do and what He wants us to do. Because the gospel is God's plan in the past, present and future

This book can help you understand God's message for yourself. Using Romans as a basis, it follows the apostle's argument and, in the process, shows you how to read and understand the Bible. Where necessary it looks beyond Romans to see what the rest of the Bible says about a particular topic.

This is a book that will help you understand all the things you need to know about if you want to be right with God and ready for the return to earth of the Lord Jesus Christ.
